

# Southern Manufacturing Innovation Group

**YOU ARE INVITED: 4-7PM, 15 MARCH, 2017**

Each quarter organisations from the region get together to discuss challenges and opportunities in manufacturing. SMIG provides the forum for these local manufacturers to network with UOW researchers about addressing issues facing the area and how we can work together to transform the region.

- Connect, collaborate, innovate
- Network with manufacturers & researchers
- Keep abreast of industry and research developments in Robotics and Automation

SMIG is supported by UOW's new Advantage SME program. Advantage SME is supported by the NSW Government Boosting Business Innovation Program to encourage greater interaction between regional SMEs and UOW.

**RSVP: 28 FEBRUARY, 2017**
